- | | |
|------------------------------|--------------------|
| ▪ Python | ▪ Data Science |
| ▪ Data Analysis | ▪ NumPy |
| ▪ Pandas | ▪ Matplotlib |
| ▪ Machine Learning Basics | ▪ HTML & CSS |
| ▪ Web Development | ▪ Jupyter Notebook |
| ▪ VS Code | ▪ GitHub |
| ▪ Cybersecurity Fundamentals | |

PROJECTS & ACADEMIC COURSEWORK

Study Material Websites — Personal Projects

- Created and maintained three study-material websites for academic learning, including Tamil, English, and Data Science & AI study hubs.
- Designed student-friendly interfaces for notes and question-and-answer resources and developed the websites using VS Code.
- [Tamil Study Hub](#)
- [English Study Hub](#)
- [Data Science & AI Study Hub](#)

Exploratory Data Analysis — Academic Coursework

- Practiced exploratory data analysis as part of college coursework using Python and Jupyter Notebook.
- Worked with datasets including Superstore, Zomato, and Airlines Flights using Pandas, NumPy and Matplotlib.

ACHIEVEMENT

3rd Position — VULNHUNT, SPARTANZ 3.0 2K26

September 26, 2026

- Participated in the VULNHUNT event at a National Level Technical Symposium at New Prince College and secured 3rd position.
- Received a Rs. 300 cash prize.

CERTIFICATIONS

- AI Literacy — IBM SkillsBuild, Sep 10, 2026
